

# ACCESSIBILITY STATEMENT

THE FIRST THE LAST

At The First The Last, we craft distinctive digital experiences where design, storytelling, and innovation meet. We are committed to providing a website that is reasonably accessible to all users, including individuals with disabilities.

While our design choices prioritize creative expression and a unique brand identity, we recognize that certain visual elements may not fully align with the strictest interpretation of WCAG 2.1 AA standards. This is a conscious balance — maintaining our signature look while working toward inclusivity wherever possible.
